

PRIVATE DINING & EVENTS

Bluebird London in New York's Time Warner Center, will encompass the buzz and familiar charm of the original Bluebird Chelsea; a London landmark on the King's Road. Its New York sister site will bring a chic, all-day drinking and dining destination to Midtown Manhattan and further strengthen D&D's overseas presence.

A celebration of Modern dining in London and New York but with its firmly British roots, Bluebird London will create an international brasserie reflective of its two transatlantic homes. Helmed by Executive Chef Nicolas Houlbert, Bluebird's menu will change with the seasons, with most food sourced from local and independent producers. Meanwhile, the drinks offering will be both from the US and Europe featuring cocktails, beers and wines including much-loved favorites from Chelsea.
